The Congress is scheduled to take up the reauthorization of the Temporary Assistance to Needy Families (TANF) program in 2002 and the Workforce Investment Act (WIA) in 2003. The U.S. Department of Labor (DOL) is inviting public comment on two major issues:

- (1) How linkages between Title I of WIA and TANF can be improved; and
- (2) What changes the administration should propose to Titles I, III and V of WIA.

Submit comments on or before June 30, 2002. The DOL encourages comments related to linkages between Title I of WIA and TANF to be submitted as soon as possible.

If you would like to provide comment on this reauthorization there are complete instructions on the Internet at:
